

# San Francisco International Film Festival

## April 23 to May 7, 2009

The San Francisco International Film Festival brings the best of world cinema to the Bay Area and will present several films on the environment, including **A Sea Change**, featuring stunning underwater footage in its discovery of the consequences of global warming on undersea life.

For tickets and information, visit [sffs.org](http://sffs.org) <<http://fest09.sffs.org/>> or call 925-866-9559.

**A Sea Change** USA 2009 Dir. Barbara Ettinger

Grandfather Sven Huseby embarks on a quest to learn about the dire consequences of global warming on undersea life. Using stunning underwater footage and stark interviews, this documentary sounds the alarm about ocean acidification but conveys hope for the future.

The film screens on **April 25** at **3:45PM**, on **April 27** at **6:15PM**, and on **April 30** at **1:30PM**

at the **Sundance Kabuki Cinemas**. For more information on **Sea Change** visit [http://fest09.sffs.org/films/film\\_details.php?id=79](http://fest09.sffs.org/films/film_details.php?id=79)
