

May 23, 2010 - Pescadero Marsh and Dunes Native Plant Walk

Meet at the North Parking lot at 10 am.

Join Toni Corelli and State Park volunteers Avis Boutell and Nancy Frost for a walk on the North Pond Trail at Pescadero Marsh. This is a great place to see coastal scrub, native prairie and wildflowers, along with saltwater marsh wetlands and the birds associated with it. It is an easy one-way walk of about 1 mile, returning along the same trail. After lunch we will explore the Pescadero dunes to see different plants and how they manage to live in this extreme habitat.

This walk is sponsored by the Santa Clara Valley Chapter of the California Native Plant Society (CNPS), <http://www.stanford.edu/~rawlings/blazcon.htm>, but is open to the public.

Directions: From Hwy. 1: Park at the north parking lot at Pescadero Marsh. A parking fee required unless you have a State Park pass. Chemical toilets available there. Bring lunch and wear layers; the tour will go until 3 pm. For more information contact Toni Corelli (650) 464-1289 email: corelli@coastside.net
